LAPRAIRIE.

An extensive municipal village and parish of the south shore of the River St. Lawrence, between the Lachine rapids and Victoria bridge, district of Montreal, seigniory and county of the same name. Incorporated March 30, 1846. The parish was erected on the 17th November, 1870. A market is open every day. An aqueduct is constructed. The first railway in British North America was constructed from here to St. Johns in 1836. It was first worked with horses, afterwards by steam, but was discontinued, and the rails taken up a number of years ago. A steamboat maintains regular communication between Montreal and Laprairie. A branch of the Grand Trunk Railway, starting at Fort Covington, in the State of New York, to reach the Victoria bridge, now runs twice a day in close proximity to the village, with a good station and depot, and contributes materially to the future development of the locality, which is considered a very healthy and pleasant summer place. There is also a fire station, thoroughly supplied with new fire apparatus, such as a fire engine and hook and ladders. Fishing and hunting is also largely practised. A new billiard room has been organized. A permanent wharf has been erected, and will be much improved during the present summer. A new channel is also talked of. The aqueduct is now giving a very good service to the village, and the work of putting up pipes it being done very rapidly in the different streets. The pressure of water in case of fires is also very powerful, as the water is drawn by steam and air pressure, which brings it at a distance of 1,350 feet, from the St. Lawrence river. The premiums upon insurances have also been greatly reduced on account of the recent ameliorations to the fire system apparatus. Great North Western Telegraph Company has an office here. Distant from Montreal, 9 miles, fare 15 cts.; from St. Johns 18 miles. Mail daily. Population of villages about 1,800; of parish 2,200.

ST LAMBERT.*

A village on the south shore of the river St. Lawrence, between Longueuil and Laprairie, directly opposite Montreal, partly in the seigniory of Laprairie, partly in the barony of Longueuil, parish of Longueuil, county of Chambly, district of Montreal. There is here a station of the Grand Trunk railway, with branch to St Johns and Rouses Point, situated at the east end of the Victoria bridge. The terminus of the Champlain, Shefford and Chambly railway is located here. From the favorable situation of this village, and its excellent means of communication, at all seasons, with Montreal and the neighboring places, it promises to become the centre of considerable business. Montreal, Dominion and Great North Western Telegraph Co. has an office here. TOWN OF ST. HENRY.

(Incorporated in 1876.)

An incorporated town, adjoining the City limits of Montreal, and formed by the amalgamation of the former villages of Tannery West and Coteau St. Augustin. The Town of St. Henry is situated in the seigniory of Montreal, county of Hochelaga and district of Montreal. The Lachine canal passes on the south side, and signal stations of the Grand Trunk Railway are situated here at the junctions where the roads branch off east and west, and to Montreal and Lachine. The Grand Trunk Railway Co., with the aid of the Council of the Town, has erected a splendid station, at the curve, near the Notre Dame street bridge. The municipality of St. Henry is governed by a Mayor and Corporation, and a separate permanent Fire and Police force is maintained. The town contains a new Roman Catholic college and convent, church and presbytery, and several important industries, amongst others two extensive tanneries, boot and shoe factories, brick yards, the C. W. Williams Manufacturing Co., employing 600 hands, a cotton manufacturing Co., one of the finest in the Dominion, and a public Abattoir and stock yard Co. The Council has built a very fine Town Hall, Fire and Police station at the corner of Notre Dame and St James streets, at the cost of $25,000. Building is being prosecuted briskly, and the town bids fair to rise into some importance, having Fire and Police system of alarm telegraph. The town is now lighted by gas and oil lamps. Distance from Bonaventure depot 2¼ miles, from Lachine 6 miles. Population about 10,500.

Donations or bequests may be made either through the treasurer, secretary, or through the bankers of the Institution, the City and District Savings Bank.

The total number of patients attended during the past year was 11,884. Average cost of each patient eleven cents.

All who desire to obtain better personal knowledge of the necessity for such institutions, their practical benefit to the sick poor, and their claims on the liberality of our citizens, are invited to visit the Dispensary during the Physicians' visiting hours on any day (except Sunday) and judge for themselves.

This institution furnishes medical and surgical aid and medicines to the sick poor of every nationality and religion in Montreal.

The attending physicians visit at their own homes those who are unable to come to the Dispensary and too poor to pay.

In restoring to health, it restores to many their only means of support, and thus prevents poverty, pauperism and crime.

It is dependent, chiefly, upon voluntary contributions for its support.
